# Share your love

For over 160 years, we've been working with clients across generations, helping them live their lives with courage, strength and wisdom. We've used those traits to help clients like you achieve your goals and live fulfilling lives. And, we will rely on those attributes to help you create a legacy that's most meaningful for you and your loved ones.

Preparing for the inevitable is a tough discussion. It's one that many people find difficult to have, especially with those closest to them. The Share Your Love Family Discussion Guide<sup>SM</sup> is intended to help initiate an open, thoughtful dialogue with your family as you plan for your future and how to honor your final requests. It's more than a simple list of instructions. It covers many topics such as: where to find important documents and key contacts; who should care for loved ones and minors; and who you want to handle decision-making if you become incapacitated.

Planning now may lessen burdens down the road for your loved ones as they ensure your wishes are carried out as you want. It can also help your executor(s) and beneficiary(ies) avoid added stress or pain because it gives them detailed directions for distributing your assets, thus minimizing any possible conflicts. Within this guide we outline a short list of documents and tasks that your loved ones will need to handle according to your wishes:

- $\, {\mbox{\ensuremath{\bigcirc}}}\,$  Contact funeral home for burial arrangements and associated costs.
- O Contact attorney to obtain will and/or trust documents.
- O Contact accountant and collect all tax information.
- O Contact the county or state vital records office to get copies of the death certificate (typically between 10 to 25 copies).

# A blueprint rooted in courage, strength and wisdom

Taking inventory of a life can be daunting. We can help you by developing a roadmap, which breaks down this potentially overwhelming project into priority-driven, manageable tasks, starting with having:

- O A will or living trust A will is a legal document that designates your executor(s) and directs how your assets should be distributed after you have passed on. If you have minor dependents, it also names the guardians for those individuals. A living trust is also a legal document. However, the designated person or trustee is given responsibility for managing your assets for the benefit of your beneficiary(ies).
- Living will This is a written statement that expresses what you want regarding your medical treatment if you are no longer able to express informed consent.
- Medical power of attorney (also called a durable healthcare power of attorney or healthcare proxy) — This grants someone the power to make medical decisions for you if you become incapacitated.
- O **Durable general power of attorney** This document gives authority to a trusted friend or relative to manage your assets if you are unable to do so.
- O **This booklet of information** Helps prepare your family for your later life by providing the information they need to make important decisions.

## Funeral arrangements

It's natural for people to focus solely on their loved ones and providing for them, but there are costs associated with how you want to be laid to rest. It's best if you decide where and how you would like to be remembered.

#### Attaining the death certificate

#### Funeral director or county clerk's office.

Your executor(s) and beneficiary(ies) will need certified copies of your death certificate to claim Social Security and insurance benefits, change ownership of joint property, enter safety deposit boxes, file tax returns and even to close some social media accounts.

#### **Ethical will**

One of the most meaningful tasks you'll do as you plan for your future is to define your legacy. How do you want family, friends and even someone new to know you? This is an opportunity to tell your story. It's a chance to express to your loved ones what you want them to share about your connection with them. Include your thoughts and feelings on topics that you'd like your family to know and understand after you're gone.
