## Rewarding Partnership!

### ABOUT US

We are **GPAgency**, a national full-service insurance brokerage firm that partners with financial professionals to provide your clients with comprehensive, sustainable insurance solutions.

Founded in 1968, GPAgency has assembled an impressive portfolio of carriers and products; today, we have premier partnerships with more than 50 top-rated insurance companies.

We specialize in:

- **Life Insurance**
- **Income Protection** (disability coverage)
- **Long-Term Care Coverage**
- **Annuities**

Our staff is comprised of top industry professionals and, on average, our principals and licensed product specialists each have more than 25 years of relevant insurance experience.

### OUR APPROACH

**We take pride in making a difference in your clients' lives.** Crafting optimal insurance solutions for them is our primary objective. Insurance is not a commodity to us; each case is given individual attention. We collaboratively assess your client's risk and "shop" for the best fit.

**We deliver a hassle-free experience.**

Count on our full support from contracting to illustration/case design to underwriting to policy delivery to after-sale service.

**Have more time to do what you do best:** *building your block of business!*

**We're committed to your professional development:** CE/training classes, robust web-based tools/resources, marketing support services, regular industry/product updates, incentive programs, and *some of the highest payouts in the industry!*

### The World Is Changing. Need Help Adapting?

**We are dedicated to your long-term success.** We understand what it takes to help our agents succeed—we've *been doing it for over 50 years!*

We also recognize that the digital revolution has substantially transformed the way we live our lives—from buying groceries to finding a partner to shopping for insurance!

We can help position you at the forefront of this new virtual marketplace. Along with our complimentary marketing services, we have a full suite of digital tools to help you prospect and automate your marketing efforts.
