

What's your care plan?

**A lot of things get better with age.
Unfortunately, our health usually isn't one of them.**

And as care costs increase, it's important to take steps to secure your greatest asset — you.

Care needs can be unpredictable but there are ways to make them more manageable. And it starts by making a plan for your future care needs today. Talk to your financial professional to develop a strategy that's right for you and your loved ones.

6 in 10

older adults will need moderate or significant levels of care⁴

.....
